  - Storage area: When the wind and rain come from the southwest we have had some issues of leaking in the storage area. It was decided that gutters will be put up to help with this problem.
  - Weight Room: Coach Graham gave a power point presentation on updates he would like to make to the weight room. Athletes from all sports are using the weight room, as well as alumni. He has come up with a proposal to replace a lot of the old equipment with up to date new machines that would be safer. Looking at Big Cheese Fundraiser for the end of March to offset some of the costs of the new equipment. Also other sports groups could make a donation from their accounts to help pay for the new equipment.
